Fairfax High School
Fairfax, Missouri

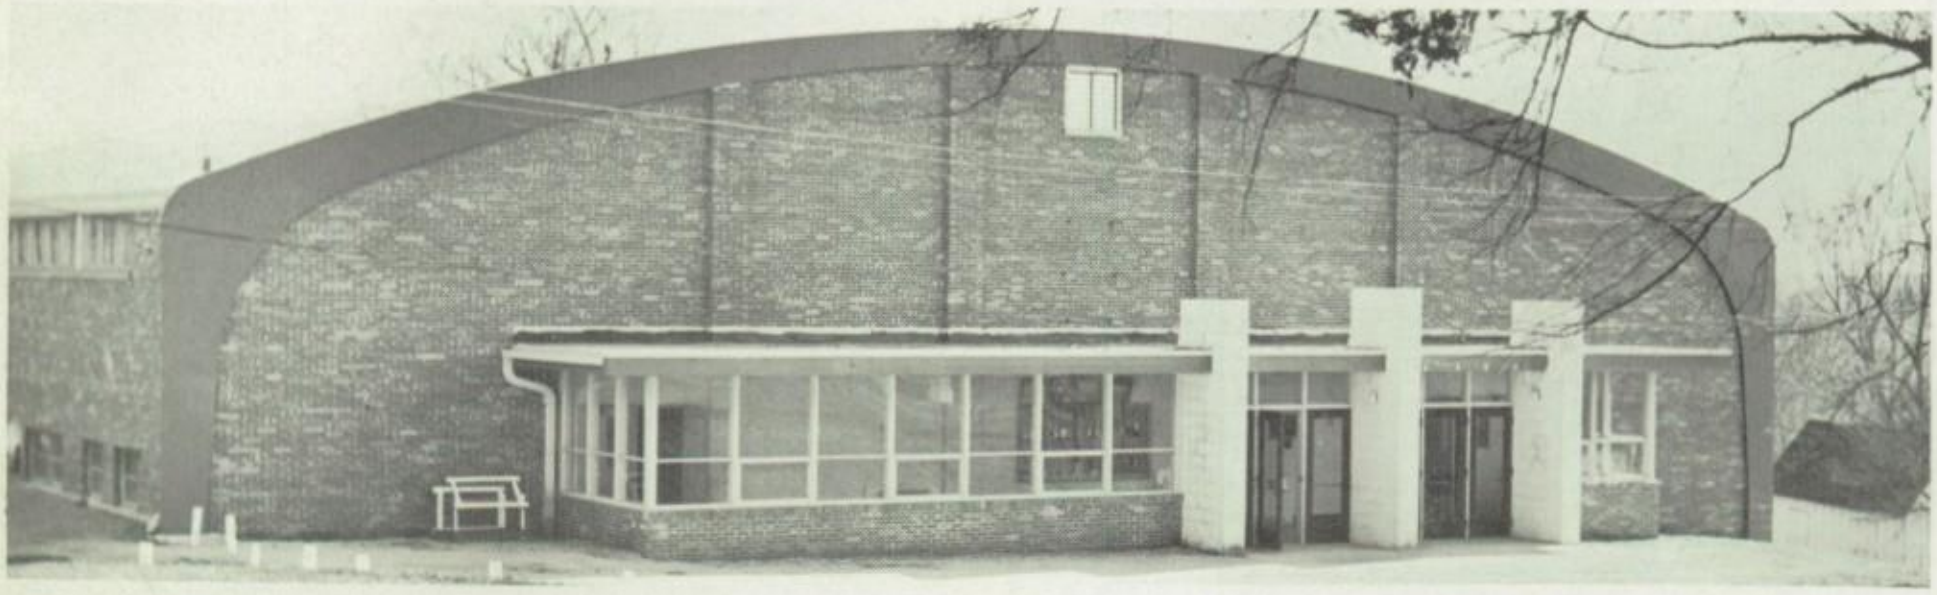
Mr. Henningsen, our superintendent and administrator for seven years, has devoted much time and effort to Fairfax High School. Since he has been here, we have enjoyed a new gymnasium, a very fine bandroom, several changes in the grade school playground, and many other improvements, with little or no increases in the school levy.

Mr. Henningson's family consists of Verlee, his wife, and Blaine, Dane, and Jane, their children. There are many friends in the community and the Christian Church, which he attended, who wish him well.

The class of 1963 extends a hope for success, and expresses appreciation for his work in starting Fairfax on the road to being a better school.

Mr. Henningsen has tried to be the best and do the best for everyone in the system. He has dealt with us fairly; his guidance has put us back on the track when we were off

We the people of Fairfax High School, in order always to remember the school year of 1962-1963, to preserve and secure for the tranquil moments in the future, the memories of our friends and associations, to promote a lasting school spirit through a pride and appreciation of our school, do ordain and establish this "THE GUARDIAN" of 1962-1963 to hold the truths, the joys, and the sorrows of this school year.

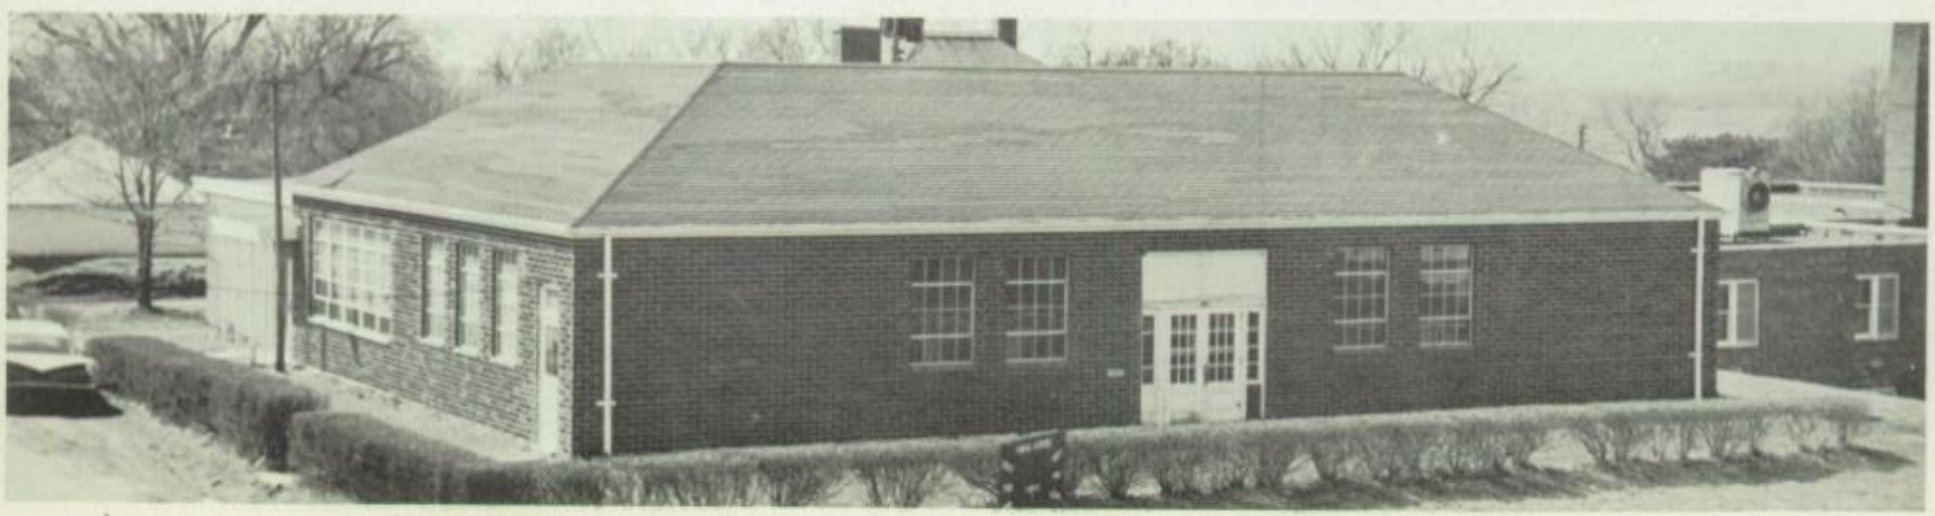


FAIRFAX HIGH SCHOOL

Many generations have passed through the three story red brick building that stands at the top of the hill above our town. Numerous things about our school days will be fondly remembered and always held dear to our hearts.

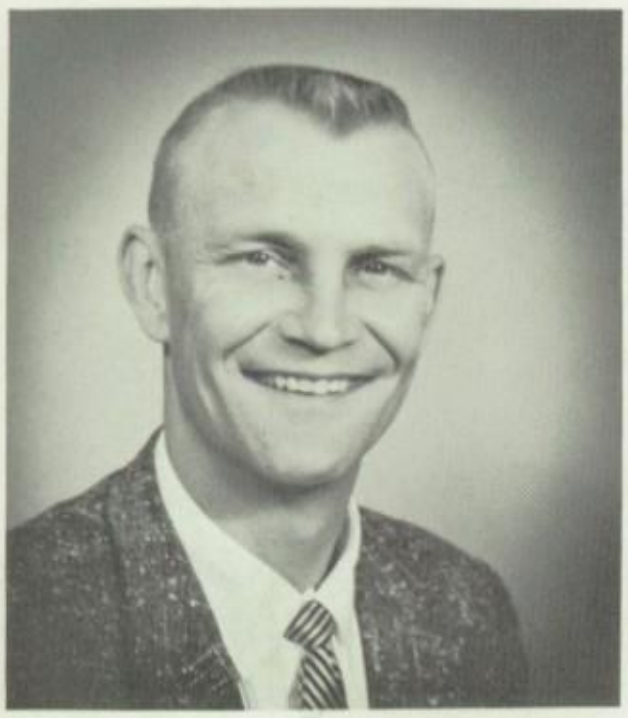
Our school has become very modern in the past years. It consists of the main building, agriculture and home economics buildings, gymnasium, elementary building, and the new music room which was added at the first of the school year.

We the senior class of 1963 are proud to have been a part of dear old Fairfax High School.



Those Whom We the People Appreciate

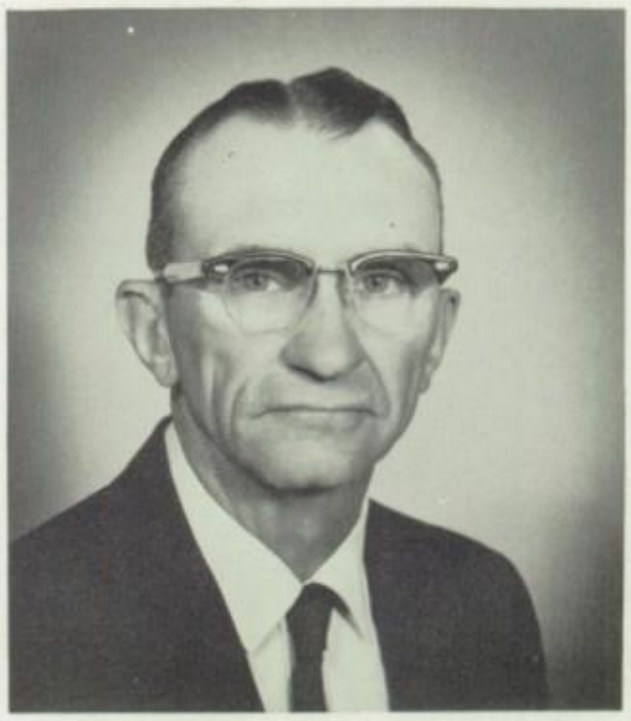
Administration



As educators our main aim must be the development of the emotional maturity, imagination, and understanding necessary for living together in a world grown small.

As graduating seniors, your main aim must be the "Good Life", morally, spiritually, and educationally. You have a fine start. Your stature in life rests squarely upon your shoulders.

Allan C. Henningsen



It has been a pleasure to have had you as students for the past 12 years. I consider you all good candidates for 100 percent American citizens. I trust and hope that each of you will enjoy the many blessings and good things that our country might afford you.

M. P. Kruse

To strive for perfection is commendable; Never to strive for perfection is deplorable. May each of you find success in your chosen professions.

Class Prophecy

One day late in the summer of 1973, Mr. Allen Henningsen made a trip back to his old high school while on vacation. Upon arriving he immediately went to see his old friend, Mr. Kruse, who by now had retired. Mr. Kruse and Mr. Henningsen spent hours discussing their days together at Fairfax High.

Mr. Henningsen asked Mr. Kruse if he knew what had happened to the class that had graduated the year he left. Mr. Kruse laughed and told him that he'd never believe him when he told him how some of them had turned out.

Jerilyn Burke, now Mrs. Jim Sybert, and her husband are doing a new type of research---the development of bucket seats for a family car.

Linda Chambers is now a busy interior designer for Meyer & Son--mostly for the son.

Deejie Conn is in Siberia running the Grebe foundation for love-sick crocodiles.

Jim Fears is on the 499th lap of the Indianapolis 500. His pea-green monster is leading the pack. Good luck Jim and don't throw a rod.

Since high school days of being student body president, David Inman is campaigning for President of the United States. Good luck, Dave.

Since Gene Jones bought his first slide rule for agriculture he has gone to bigger and better things. He is now hard at work in Hawaii trying to figure out what holds up grass skirts on the native women.

Dale Kemerling is now raising 300 bushels of corn per acre on his test plot East of town. With corn like that, you'll be able to get your new "409" with that wild cam.

Jane Kemerling is now herding all of her little kidlets around. She is a third grade teacher.

Mrs. Eddie Davis, the former Darlene Kerr, and her husband are now receiving money from their children. There seems to be a demand by newspapers for pictures of their quadruplets.

Terry Massie Construction Company has just completed the new freeway to the moon. It's made of green cheese and the milky way.

Bonnie McCall is now writing the "Dear John" column for the New York Times.

Steve Powell and Stephen Mitchell are world renowned doctors except they are a little different. Steve is on channel 6 and Stephen is on every Tuesday night at 8:00.

Brenda Moreland is now in France. She is attending an art exhibit. Since her new success as an artist, she has been traveling all over the world to satisfy all the invitations.

Mary Morgan has gone a long way since the old school days, she now owns three-fourths of Las Vegas and has her own private mob to keep things "rollin".

Penny Noland and her husband are running a chain of stores called the "Diaper Pin."

Kenny Rader is now employed by the Ringling Bros. Circus and is top performer on the bill.

Miss Dixie Smith has revolutionized the field of special education in the last 5 years and has received a distinguished service award from President Inman.

Donnie Smith is now the only person in the world who has gone to the moon and back in 3 minutes flat. His father announced this the night Don forgot to put the brake on their new tractor and it went through the garage door.

Alva Stoner is now a big executive at the Clown Employment Agency. Have any luck yet, Alva?

Upon leaving high school, Dale Swinehart, who was undecided what occupation to enter, has finally dedicated himself to the field of undercover work inside Communist Russia.

After Douglas Thayer graduated from high school he worked at loading trucks. Years later, he is now under the wheel. He's now in the hospital with a broken leg, 3 cracked ribs, and a broken arm. We hope you aren't in pain Doug.

Joan Vaught is now the executive secretary to the fabulously wealthy John Baresford Tipton who pursues the strange hobby of giving away anonymously one million dollars to persons he has never even met.

Bud Volker is now running his own pharmacy in Miami and is doing very nicely. He has a helper in his business and he doesn't even have to pay Wanda.

Jim Watkins has been doing very nicely since he graduated from High School. He just won the National title for bull riding and now owns his own ranch and is feeding cattle instead of riding them.

Marcia Wennihan is the new hair stylist for MGM's new picture "Stevie Come Home". Do a good job, Marcia.

Emmett Windhorst just made the headlines again. "Double Trouble" as he is called in the underworld, just cracked the Invincible Bank of New York, netting 10 million dollars.

Mr. Henningsen told Mr. Kruse good-by. As he headed toward home, he chuckled to himself, "What Characters!"

The History

On a bright September morning in 1951 twenty-three scared little boys and girls fell under the careful guidance of Miss Grace Finch. Our first grade class consisted of Kenny Hecker, Dale Kemerling, Kenny Volner, Pam VanLeuven, Deejie Conn, Gary Faulkner, Jackie Henderson, Jim Watkins, Kenny Gabriel, Jim Fears, Bonnie McCall, Linda Lea Chambers, Kenny Rader, Dickie Nauman, Diana Tinkle, Jane Ann Kemerling, Lorraine Weedin, Steve Powell, Bud Volker, Carla Johnson, Larry Browning, Steve Mitchell, and Dixie Smith. We spent our first year learning how to read, write, and count.

Mrs. Thompson was our second grade teacher. Our class gained ten new faces, and we lost three, which made a total of thirty pupils in the second grade.

We passed the third grade under the command of Miss McFarling. We were taught the multiplication tables, and phonics among other subjects. We were happy to see five new classmates, but we lost five other members. Therefore, we still had a total of thirty boys and girls.

Mrs. Fraser was our fourth grade teacher. We were mischievous but she was able to keep us under control. Our music teacher, Mr. Schlife, tried to teach us how to play the tonnette. Seven members of the class left and three new students joined us.

Mrs. Jaunita Haun was our fifth grade teacher that year. We attended school in the old Baptist church; they were trying to make angels of us. There were twenty-nine members in our class; three students moved away, but there were six new classmates that year.

We hated to leave the old church, but we soon got over it, because the new elementary grade school building was completed and we had the privilege of spending our sixth grade year under the direction of Mrs. Bowness. Two students joined our class which made a total of thirty-one boys and girls in our sixth grade class.

The first week of our seventh grade year was a mass of confusion. There were so many things to get used to: different books, changing classes to bells, no recesses, and new classmates. That year eight new people came. They were Jim Hunt, Benny Burnette, Jerilyn Burke, Lonnie Kuhns, Mary Morgan, Joyce Moser, Doyle Odem, Christina Oslin, Douglas Thayer, Joan Vaught, and Emmett Windhorst.

Our eighth grade year we had fun watching the new seventh graders getting lost between classes. All year we heard rumors about the treatment we as freshman would receive next year. Thirty-three eighth graders graduated that year.

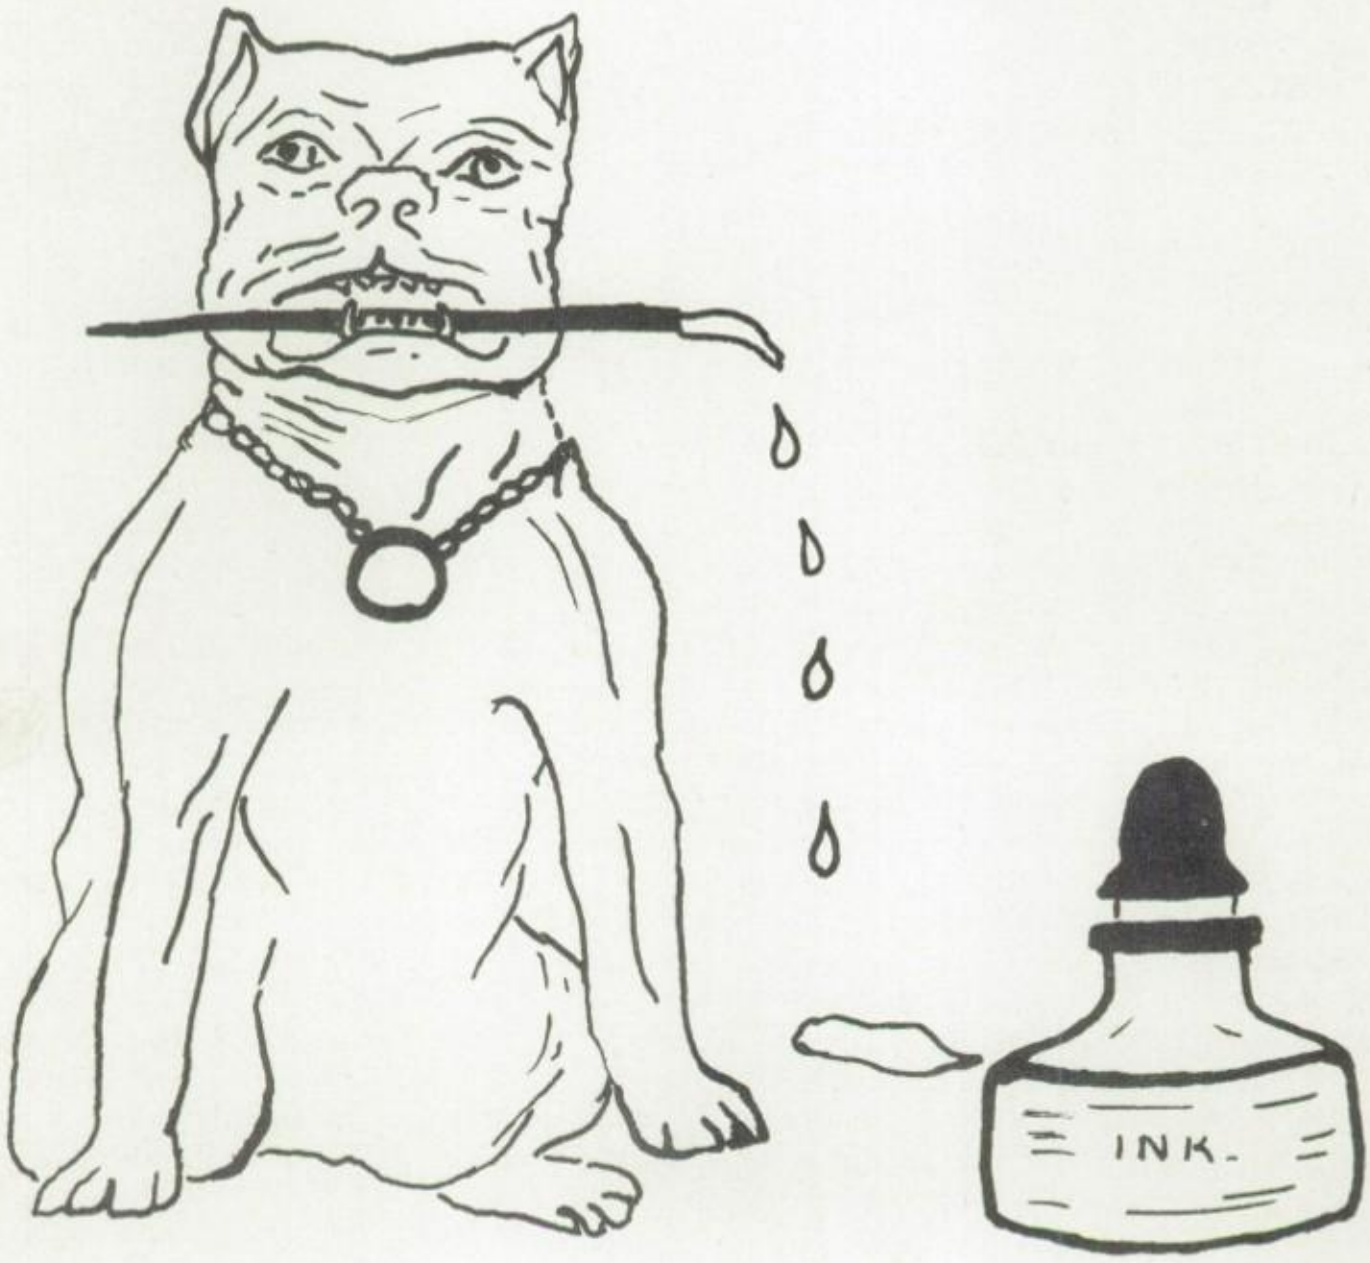
At last we were high school students. We were the greenest freshmen ever! During that year, we attended and participated in high school activities for the first time.

The following year we became upper classmen--to the freshmen--of course! There was a total of twenty-eight sophomores.

Our junior year was so full of activities that we hardly had time for all of them. They included serving the invitational tourney; our class play, "Curtain Going Up"; planning the junior-senior banquet, our theme was "Dreamland"; and last but not least studying for final exams.

We are now seniors. Our class list has grown to include Jerilyn Burke, Linda Lea Chambers, Deejie Conn, Jim Fears, David Inman, Gene Jones, Dale Kemerling, Jane Ann Kemerling, Darlene Kerr, Terry Massie, Bonnie McCall, Steve Mitchell, Brenda Moreland, Mary Morgan, Penny Noland, Steve Powell, Alva Stoner, Dale Swinehart, Douglas Thayer, Joan Vaught, Bud Volker, Jim Watkins, Marcia Wennihan, and Emmett Windhorst. Our senior play was titled "Girl Crazy". Jim Fears was basketball king, and Dixie Smith was our football queen. Our senior year has been the best ever. All of the games, classes and everything that has happened to us these past twelve years will play a big part in the memories that we will hold of dear old F. H. S. !

As "Pomp and Circumstances" is played on graduation evening, we will all feel a tinge of sadness. This evening will end forever our high school days. But at this time we will launch our future! We will strive to fulfill our motto of, "Perfection may never be reached, but it is worth reaching for."



We began our history as First Graders!

Our Last Will and Testament

To Mr. Charles W. F. Vaught we would like to express our sincere thanks. For the past four years he has taken the pictures for our annual.

Mr. Vaught takes school activity pictures all during the school year without any remuneration. His interest and talent are important parts of our yearbook. For without Mr. Vaught our annual would not be the outstanding book that it is. Also for his untiring patience we again express our thanks!

We are preparing to venture out into a new world--a world which presents challenges unknown to those who have gone before us. In this fantastic nuclear age the world has grown infinitely smaller. Unless the peoples of the world learn to live together in peace and harmony, civilization, as we know it, may well perish.

We, and thousands of students like us all over our America, hold the key to the future of the world. For, as our President Kennedy has said, not only do we face the challenge of many new frontiers, but the torch has been taken up by a new generation----upon youthful shoulders rests the future of the world.

Fairfax High School has tried to prepare you to be the kind of citizen who will substantially contribute to making a better world for all people.

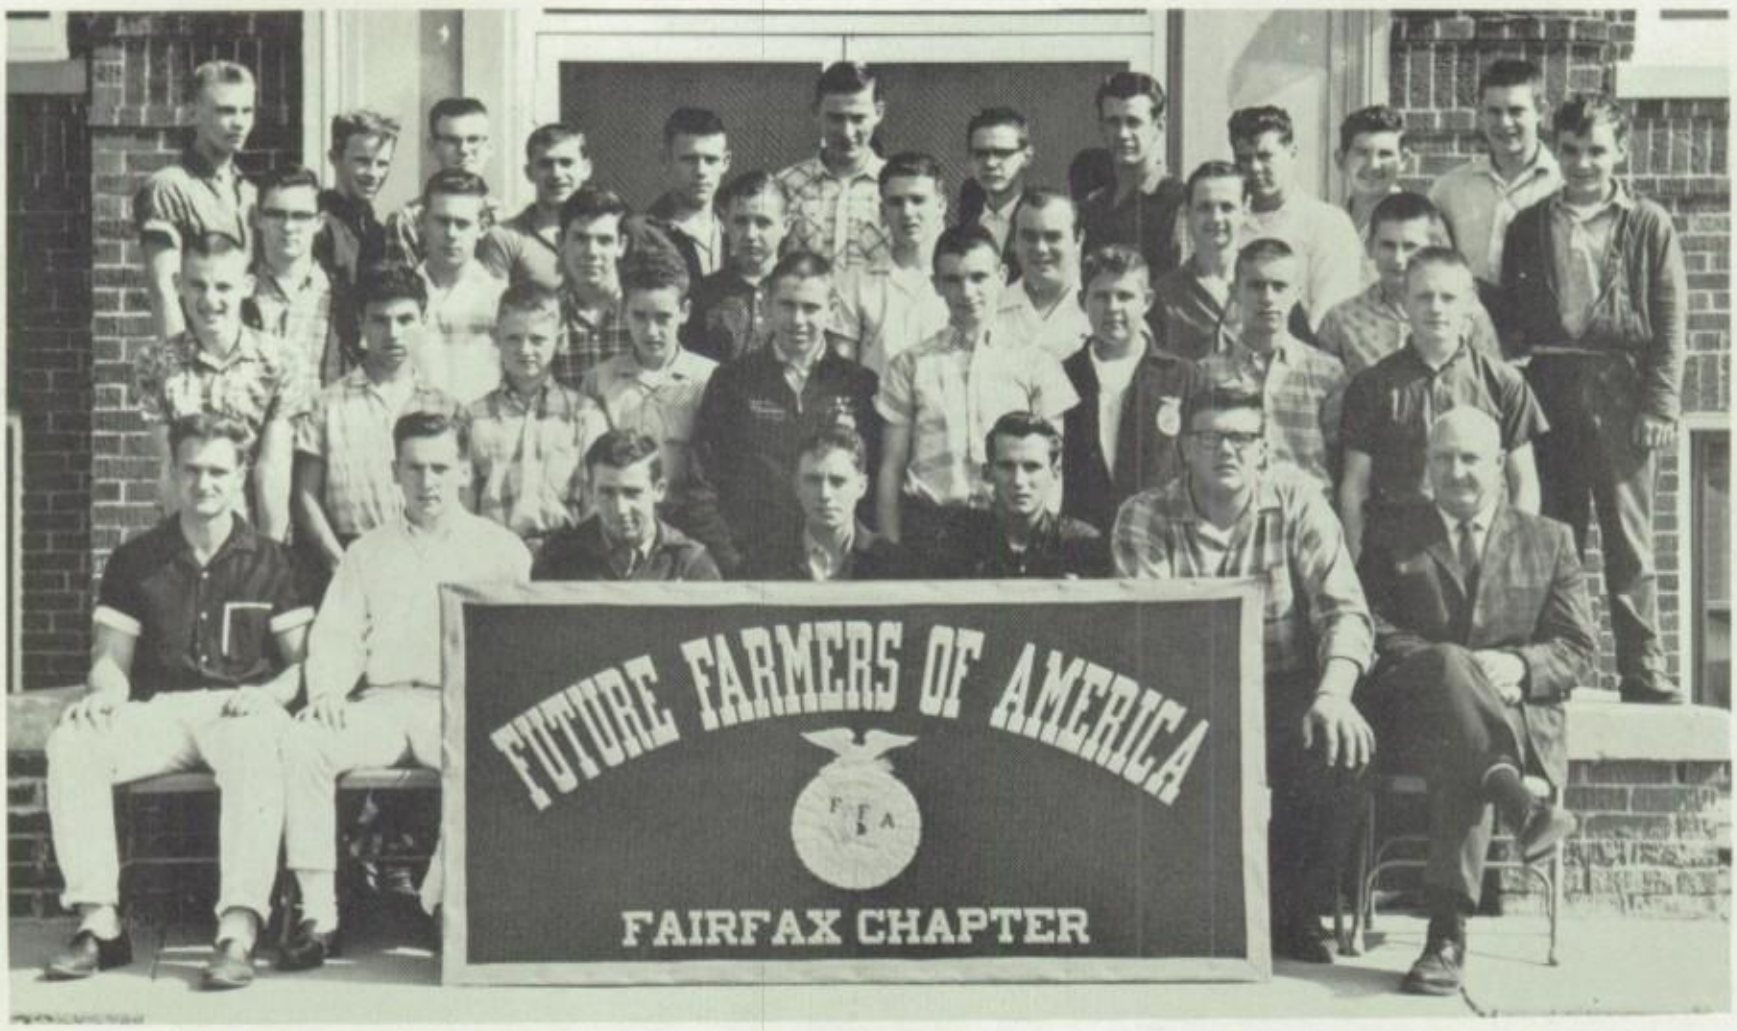
F. F. A.



Freshman initiation started the year off for FFA. The motto for the 62-63 year was "Learning to Do, Doing to Learn, Earning to Live, Living to Serve." The boys attended the American Royal in Kansas City. Wayne Miles and Richard Miles took first and second honors in the Fall Corn Yield Contest sponsored by the local Kiwanis Club. In February the boys attended John Deere Day at Tarkio. The boys sponsor their activities by running a lunch stand at the football games and also running the pop corn machine at basketball games. The year's highlights were climaxed by the Annual Parent-Son Banquet. The F. F. A. is sponsored by Mr. J. H. Pyeatt.

F. H. A.

The F. H. A. organization is sponsored by Mrs. Ray Mitchell. The year began with Freshman initiation. On November 15th the Regional F. H. A. meeting was held in the Fairfax gymnasium. This offered a lot of entertainment for all who attended. The F. H. A. holds regular meetings on the first Thursday of every month. The officers for this year were: President, Jerilyn Burke; Vice-President, Joan Vaught; Secretary, Joann Johnson; Treasurer, Sarah Price; Project Chairman, Ann Schooler; Reporter, Carol Dunkle; Historian, Mary Morgan; Parliamentarian, Sue Vaught; and Song Leader, Julie Hackett. Those who served as chapter mothers were Mrs. Richard Burke and Mrs. Charles Vaught.

The Fairfax High School Marching Band started a busy year by learning fundamentals from Mr. J. C. Combs. They marched in the Maryville College Homecoming Parade. They were one of three Missouri Marching Bands who received a I rating. They also marched at every home football game.

The Concert Band started off their year by attending the annual Mass Band Festival at Tarkio. They gave their annual Christmas Concert and Spring Concert. At contest time the Band received a I rating at Maryville. This was one of the highlights of the concert season.

OUR SCHOOL SONG

We're loyal to you, Fairfax High
To the green and white, Fairfax High
We'll back you to stand
You're the best in the land
For your true loyal band, Fairfax High.
RAH! RAH!
So keep that in mind, Fairfax High,
We're pledged to your shrine, Fairfax High
Our school is our fame protector
Lead on that we may do great things for
Our own high school band.
Bring out that dear old flag of green and white,
Lead on ye students for the right we fight,
Like men of thrift and courage
Placing reliance, shouting defiance,
RAH! RAH! RAH
Amid the broad green fields that nourish our land,
For honest labor and for courage we stand,
For unto thee we pledge our hearts and hands,
Dear old Fairfax High you are so grand.

The Senior Trip

Fourteen seniors and their sponsors, Mr. and Mrs. Tom Adams and Mr. and Mrs. Willis Weedin, left at midnight May 27th for the Lake of the Ozarks. They stayed two nights vacationing at the Lodge of the Ozarks. They enjoyed swimming and water skiing. The seniors took a moonlight cruise down the lake. It was made lots of fun by dancing and learning new dances like the Bossa Nova and the Driftwood Stroll. Of course they had the dances with seniors from other schools. They got acquainted very easily. They also attended the Ozark Opry at which they had a rip roarin time. This was the original Ozark Hillbilly show. Delicious meals were served and the "weeny" roast at 11:00 gave them a lift for the dance that lasted till 1:00. The trip home was full of pillow fights, sunburned and tired out seniors.

An evening on the Governor Excursion Boat. Enjoying an evening of dancing and relaxing aboard this fine, modern excursion boat.

Ozark Opry--The original Ozark Hillbilly show. Fun and laughter for all.
